### DETAILS

Monthly Planning and Production Package for Video and Social Media Content

Our monthly package includes a one-hour call to strategize and schedule content production. During the call, we will discuss production dates and locations, content due dates, and any necessary revisions.

Included in the package are:

- Two long-form videos, up to four hours of production time, covering your desired topics
- One hour of photo shooting for branding or social media at our studio or your office
- Three to five short-form videos, extracted from the content we produce that month. The editing process will ensure easy digestion by your clients or audience.

Please note:

- Any rented locations will be at your expense.
- We will only use your content with your permission to post on our social media.
- If you need to reschedule, please let us know in advance to maximize production time.
- Final content copies will be provided to you for download. We will not hold extra copies once the project is delivered.
- Client can cancel at anytime
